Welcome to our 2014-2015 Fall Media Guide.

Thanks to the support and commitment of our fans, donors and community, Snead State Community College has been able to take big strides toward our goal of providing a first class student-athlete experience.

We have enjoyed a number of successes last year that we hope to continue this year. Those successes haven’t just been on the field or court. They have been in the classroom as well, and those are the successes that demonstrate Snead State’s commitment to providing the complete college experience for our students - including our student-athletes.

The athletic program is committed to assisting the College in its top priority of having students earn their Associate degree at Snead State. Of the freshmen enrolled in 2012, 62 percent of them earned their degree by this summer. The average grade point average of our student-athletes was 3.17, which is higher than the average Snead State student. During last year, we had eight student-athletes to be named NJCAA Academic Student-Athletes.

Four teams held team grade point averages above 3.0 – Tennis (3.67), Softball (3.49), Volleyball (3.29) and Baseball (3.15). The baseball team had a 100-percent graduation rate for 2014. For the first time in program history, all 20 sophomores graduated with their Associate degree. As a program, 71-percent of Snead State’s student-athletes graduated. This is a tremendous accomplishment as the national graduation rate for community college students is less than 35-percent.

Like I mentioned, we’ve had success in the classroom and on the court. Four teams have conference winning percentages of over 50-percent: Tennis (60-percent), Baseball (57-percent), Volleyball (56-percent) and Softball (50-percent). It’s a top priority for Snead State coaches to recruit student-athletes from our community and surrounding areas. Over 80-percent of Snead State’s athletic scholarship recipients are from an area within 60 miles of Boaz.

Our baseball team finished second in the ACCC North, which sent them to the state tournament for the third year in a row. Sixteen baseball players have signed with a four-year university over the past two years, and two players received All-American honors. For the seventh year in a row, our tennis team captured the state championship and competed at the national level. For the first time in program history, the softball team earned a spot to play in the state tournament.

New coaches are making their mark at Snead State, and our veteran coaches are enjoying continued success. Coaches are expected to raise money throughout the year to help offset the costs of operating a top-notch athletic program. Just in the past year, the athletic teams raised almost $94,000, which is a testament to the support our program receives from the community.

Our student-athletes also serve as examples of the College’s service learning philosophy. Last year, our student-athletes spent hours working school reading programs, volunteering with the Special Olympics, assisting with local animal shelters and spending time with residents of assisted living facilities and nursing homes. They participated in a variety of events outside of their regular season games. Those events brought people to Snead State’s campus and made them aware of the positive things the College is doing.

The standards we have set for our student-athletes are more stringent that those set by the NJCAA, but we believe those standards serve to make our students better competitors and better members of society. We hold our student-athletes to a high academic standard so they can achieve their goals and demonstrate sportsmanship and the accomplishments that come through hard work and sacrifice.

Alma Mater
Dear Alma Mater, thy tow’ring pine trees rise
High on the mountains ‘neath Alabama’s skies.
Work, play and fellowship, our all we share with thee;
Onward you lead us to noble destiny.
Dear Alma Mater, united now we stand,
Proudly to serve thee with heart and mind and hand.
Our voices echo o’er lakes and fields of white;
Our hands in faith we join and follow in thy light.
Dear Alma Mater, thy praise we sing anew:
Always thy virtues will guide us straight and true.
Though we may leave thee, forever say adieu
Still Alma Mater, our hearts belong to you.

What is a Parson?
A Parson is a holy person who teaches independently of a larger organization, like Paul from The Bible. Oftentimes known as a character from Chaucer’s The Canterbury Tales, the Parson recites a sermon on the subject of sin and penitence. Since it is the final story of the book, many critics argue it as best. In context of this institution, it represents the individual integrity and courage to be independent that we all try to embody here at Snead. Moreover, the Parson symbolizes the fervor necessary to persevere in the face of great adversity.

Fight Song!

Fight on for dear old Snead State
Tradition and honor the same.
Glory, glory to the gold and blue
We will fight for you!
Fight! Fight! Fight!
Stand up and shout for vict’ry.
We’ll cheer ’til the end of time.
The gold and blue is fearless and true
So fight, Snead, fight!
Fight, Snead, fight!
