## CLINICAL MEDICAL ASSISTANT

**Total Cost: \$4,995**

(includes textbooks, scrubs, certification exam fees, CRC certificate, health screenings & CPRO training)

TU/TH, July 18, 2017 - April 17, 2018

Location: Boaz Campus

6:00-9:30pm, & one SA per month, 9:00am-3:00pm

This comprehensive program is designed to allow students to become trained as a Clinical Medical Assistant. The clinical medical assistant program prepares students to work in many of the administrative/clerical and medical assistant positions in the healthcare industry. Instruction covers important information on anatomy and physiology, medical terminology, clinical knowledge to include blood pressure checks, using a stethoscope, urine analysis, basic insurance billing aspects, medical ethics, customer service and legal aspects. Students will also learn EKG basics and be prepared to collect blood, and other specimens, from clients for the purpose of laboratory analysis and become familiar with all aspects related to blood collection and develop comprehensive skills to perform venipunctures completely and safely, as well as CPR certification. In addition to classroom hours, the program includes on-site job shadowing and clinicals through Marshall Medical Centers - which is required for certification. Upon completion of the program, students will obtain a National Career Readiness Certificate (CRC) and sit for the Certified Clinical Medical Assistant (CCMA) and the Certified Phlebotomy Tech (CPT) exams given through NHA (National Healthcareer Association).

## WELDING TECHNOLOGY

Total Cost: \$5,500

(includes textbooks, supplies, and fees)

**TU/TH, September 19, 2017 - August 30, 2018**

TU/TH, 6:00 - 10:00pm and some SA each month, 8:00am-2:00pm

Location: Marshall Technical School, Guntersville

Welding is a high-tech industry that can take you places all over the world. Welds are everywhere, from ladders to aircraft carriers, from NASCAR to national defense, and from laboratory to sales and repair, the varied welding industry impacts virtually every industry. Few career choices offer so many options for employment and opportunity for growth. Snead State Community College's Welding Technology will prepare students to enter the high-tech industry of welding. The curriculum includes training in Stick, MIG (solid wire & flux core) and TIG welding. Our curriculum was developed by the National Center for Construction Education and Research, [www.nccer.org](http://www.nccer.org), and was created by Subject Matter Experts to ensure exceptional training programs that are set to industry standards. NCCER maintains a portable and nationally recognized credentialing system by providing transcripts, certificates and wallet cards to students who successfully complete the curriculum through an accredited sponsor. NCCER's training process of accreditation, instructor certification, standardized curriculum, national registry, assessment and certification is a key element in developing a skilled workforce of construction professionals. The program also covers 10 hour OSHA safety training and employability skills. Upon completion of this program students will receive: Welding Technology Certificate, NCCER Certification, National Career Readiness Certificate, Forklift Training, OSHA 10 hour Occupational Safety and Health Training card and one AWS certification process of choice.
