We Love The ‘80s

Remember the big hair, leg warmers and shoulder pads? Remember when bright costume jewelry and parachute pants were in fashion?

It’s all coming back on Friday, May 2, because “We Love the ‘80s.” The 1980s will be the focus of the 2014 Alumni Homecoming event at Snead State Community College.

The annual event will begin at 6 p.m. in the Student Union Building on the Boaz campus.

Participants are welcome to dress reminiscent of the decade or in business casual attire. Alumni Homecoming is open to current and former students, Snead graduates and supporters of the College, otherwise known as alumni by choice.

As part of the festivities, graduates from the 1980s will share their memories of the time period and of their experiences at Snead. The annual Alumni of the Year award will also be presented. If you would like to nominate an alum to received this award, you’ll find a nomination form on Page 2. It will also be available on the website.

A special addition to Alumni Homecoming this year will be the unveiling of the Alumni Walk. The project kicked off during the 2013 Homecoming event as a scholarship fundraiser for the Alumni Association. Engraved pavers have been sold to alumni, employees and friends. The Alumni Walk will be constructed around the gazebo area between the Administration Building and the Student Union Building. “We’re excited to get this project constructed. We’ll be able to add engraved pavers to the Alumni Walk for years to come, but it’s wonderful to be able to see this project come to fruition,” said Alumni Director Shelley Smith.

If you would like to volunteer to assist with the planning of this event, to receive more information or to RSVP, contact the Alumni Office at (256) 840-4103 or at alumni@snead.edu. Please RSVP by April 24.

Second Alumni Mixer is in the works

The Alumni Association is planning the second Alumni Mixer for March. Our goal is to find a venue in Albertville to host an evening mixer. The mixers give Snead State alumni an opportunity to meet, visit and have a good time. We encourage alumni to join us and bring guests. We’ll be sending information out once all of the details are finalized. We hope to see you in March!

College Bowl Team Wins at Sectional Championship

The Snead State College Bowl Team won first place at the NAQT Sectional Championship Tournament on Jan. 24, held at Jefferson State Community College’s Shelby County campus in Birmingham.

The first place win earned the team an invitation to the NAQT Community College National Championship Tournament in Atlanta, Ga., on Feb. 28-March 1. The National Tournament will feature the top 24 two-year college teams based on results from eight sectional competitions held in various locations around the country.

The team will be among teams from Valencia, Fla., Community College, Chipola Community College in Florida, Redlands Community College in Oklahoma, and Lincoln Land Community College in Illinois to compete at the National Tournament. The top four teams from this tournament will receive an invitation to the NAQT Intercollegiate Championship Tournament in Chicago in March.

The Sectional Tournament included 12 teams from Bevill State Community College in Jasper, Southern Union Community College, Faulkner State Community College, Central Alabama Community College, Northwest-Shoals Community College and Enterprise State Community College.

The Snead State team’s first place win came with a record of 10 wins and one loss. Team Captain Tiffany Rainwater of Brindlee Mountain finished first among individual scorers and was named Tournament MVP.

The win is a highlight of a busy competition season for the College Bowl Team. In December, Snead State hosted the 2013 ACBL/Meeting on the Mountain Invitational which was comprised of 12 teams from SSCC, Bevill-Jasper, Central Alabama, Jefferson State, Faulkner State, Northwest-Shoals, Southern Union and Oakwood College. Snead State placed first with a perfect record of 11 wins and 0 losses with Oakwood College “B” Team placing second and Bevill Jasper “A” Team placing third. In November, the Snead State College Bowl Team finished second at the Alabama College Bowl League (ACBL)/Faulkner State Kick-Off Tournament.

The team is scheduled to attend the Wallace-Hanceville/ACBL Invitational Tournament on Feb. 14 and the Enterprise State Community College Weevil Bowl on March 14. Their season will conclude with the ACBL State Championship Tournament on April 18 at the University of Alabama in Birmingham.

Members of the Snead State College Bowl Team include Tiffany Rainwater; Landon King, Boaz High School; David Crawford, Guntersville High School; and David Abney, Albertville High School.

Snead State Instructor Releases New Book

Director of Religious Studies Dr. Jonathan Watts’ latest book, “Our Hearts Strangely Warmed: A Practical Theology for Worship in the Wesleyan Tradition,” is already available as an ebook, and the hard copy will be available in early February.

The book was written to coincide with one of Dr. Watts’ previous books, “The Battle Lines of Worship,” which traced the historical roots of worship in the Judeo/Christian traditions. This companion book specifically addresses worship in the Wesleyan/Methodist traditions.

“The book is a call to reclaim elements of worship so often cast aside in this postmodern era,” said Dr. Watts.

A native of Talladega, Dr. Watts received his Bachelor degree from Southern Wesleyan University, his Master of Divinity degree from the Candler School of Theology at Emory University, and his Doctorate of Ministry from the United Theological Seminary. He completed his Ph.D. at the Graduate Theological Foundation studying in the states and at the University of Oxford, England, where he

Tracy Grindrod has been appointed as the new softball coach at Snead State Community College. Grindrod succeeds Coach Lisa Bright, who resigned in January after her husband accepted a new position in South Carolina.

Coach Grindrod comes to Snead State after serving 9 years as the assistant softball coach for the highly competitive Wallace State Community College in Hanceville. He helped guide the Lady Lions to the National Championship in 2013 and 2008, two runner-up finishes in 2009 and 2010, a third place finish in 2012 and seven Alabama Community College State and Region XXII Championships.

“Tracy’s coaching credentials are unquestionable. His philosophy of high academic standards, community involvement and developing young student-athletes into mature adults, aligns perfectly with the College’s philosophy,” said Athletic Director Mark Richard. “He’s going to be a perfect fit, and we are beyond excited to welcome him to Snead State.”

Coach Grindrod’s coaching experience dates back to 1988 when he first began coaching slow-pitch softball. He has been coaching fast-pitch softball since 1996.

In addition to coaching at Wallace Hanceville, he also coached competitive travel softball. While at the helm of the Huntsville Sharks, he has accumulated a 272-120-12 record. His team won the 2004 NSA Class “A” National Championship for 18 and under, as well as the 2004 and 2005 18U ASA State Title for Alabama. The 2005 Huntsville Sharks finished 11th at the ASA Nationals. The Sharks have been a successful organization that has led its players to over 60 college softball scholarships.

“I am happy and excited about being the new head coach at Snead State,” said Coach Grindrod. “I am stepping into a program with tradition and that has been improving each year under Coach Bright.

“I look forward to continuing the tradition and to helping build Snead softball into a program where each of the local high school players wants to come to start their collegiate softball and academic career. We will strive to be in the top 10 academically each season and be competitive on the field as well.”

Tracy is a member of the National Fast-Pitch Coaches Association. He currently works for the United States Government as a Program Analyst at Redstone Arsenal. He is certified as a Department of Defense Acquisition Corp professional.

He is a graduate of Capella University with a Master’s degree in Instructional Design and Online Learning. He received his Bachelor’s degree in Education from Athens State University. He is retired from the U.S. Army, where he was a First Sergeant and specialized in electronic maintenance.
