ABOUT US

Snead State Community College is the oldest College in the Alabama Community College System to award Associate degrees. The school originated in 1898, when the Boaz Seminary was authorized by the Methodist Episcopal Church. The E.B.L. Elder family arrived in Boaz in June 1899 and opened the seminary in their home in July of that year with an enrollment of 70 pupils. The Boaz Seminary grew rapidly, and in 1906 its name was changed to John H. Snead Seminary in honor of Mr. Snead, a Boaz businessman and friend of education, who contributed land, money, and leadership to the Seminary. John H. Snead Seminary remained one of Alabama's strong secondary schools for almost a fourth of a century and graduated more than 1,200 young men and women.

In the fall of 1935, Snead Junior College was duly chartered by the State of Alabama and began operation as a junior college under the supervision of the North Alabama Conference of the Methodist Church. Snead State Junior College was accredited by the Commission on Colleges of the Southern Association of Colleges and Schools in 1941.

In May 1992, the State Board of Education authorized Snead State Junior College to become Snead State Community College.

In January 2008, Dr. Robert J. Exley became the 17th president of Snead State. The average enrollment for Snead State is 2,300 students.

In 2015, Snead State Community College was placed under the control of the Alabama Community College System Board of Trustees.

DISTANCE EDUCATION

256.840.4124 | DL@SNEAD.EDU

Through distance education, Snead State Community College is teaching beyond its campus into homes and workplaces to help students overcome the obstacles of time, geography, career, and family commitments. Distance education courses, both Online and Blended, are based on the same instructional outcomes and objectives as Traditional, on-campus courses. Distance education courses are developed using the Blackboard learning management system, as well as other technologies, to aid in student-teacher interaction and enhance learning experiences. Students register for distance education courses during the regularly scheduled registration period using mySnead.

Online courses are delivered over the Internet through Blackboard and other tools/sites. Students receive instruction, interact with instructors, and complete assignments and exams via the Internet. Students are not required to attend face-to-face class meetings for lectures, but proctored exams may be required.

Blended courses offer the best features of traditional and online courses. Part of the course will be taught in a traditional face-to-face format and part will be taught online. This allows faculty and students an opportunity to build strong personal relationships through face-to-face interaction, while offering a more flexible schedule than traditional courses. The number of required face-to-face meetings is determined by the instructor and students should check the course schedule to determine whether on-campus meetings are required. Proctored exams may be required.
