

HEALTH SCIENCES, CAREER & TECHNICAL PROGRAMS

2018-2020

Students interested in pursuing a new career can learn job skills and enter directly into the workforce by successfully completing one of the Career and Technical programs or a high-demand Health Sciences program.

ASSOCIATE IN APPLIED SCIENCE, CERTIFICATES AND SHORT CERTIFICATES

Snead State Community College offers students the opportunity to earn an Associate in Applied Science degree or a certificate in career-oriented programs. These programs prepare students for immediate employment in well-paying occupations.

ASSOCIATE IN APPLIED SCIENCE (AAS) DEGREE REQUIREMENTS

The Associate in Applied Science Degree is an undergraduate award signifying successful completion of a prescribed course of study (60 to 76 semester credit hours) that offers specialization in a technical, business, or semi-professional field qualifying the student for employment upon graduation while providing the possibility for transfer of some credit to a senior institution. Only colleges accredited by SACSCOC are authorized to award this degree.

Area I: Written Composition I and II3-6 Credit Hours

- Prescribed: A course or course combination that promotes effective written and oral communication skills.

Area II: Humanities/Fine Arts3-6 Credit Hours

- In addition to Literature, disciplines include, but are not limited to Area/Ethnic Studies, Art and Art History, Foreign Languages, Music and Music History, Philosophy, Ethics, Religious Studies, Speech, Theater and Dance.

NOTE: For purposes of SACSCOC accreditation, courses in basic composition that do not contain a literature component, courses in oral communication (Speech), and introductory foreign language courses are considered skills courses and may NOT be the one course designated to fulfill SACSCOC Core Requirement 2.7.3 for a humanities/fine arts course. See the SACSCOC Resource manual for the Principles of Accreditation for complete information and this restriction.

Area III: Natural Science/Mathematics.....6-11 Credit Hours

- In addition to Mathematics, disciplines in the Natural Sciences include Astronomy, Biological Sciences, Chemistry, Geology, Physical Geography, Earth Science, Physics, and Physical Science.

- Requirements Prescribe: A minimum of 3 hours in Mathematics required.

Area IV: History/Social/Behavioral Sciences3-6 Credit Hours

- In addition to History, the Social and Behavioral Sciences include, but are not limited to Anthropology, Economics, Geography, Political Science, Psychology and Sociology.

Area I-IV: Minimum General Education Requirements.....15-29 Credit Hours

Area V: Maximum General Education Core, Technical Concentration and Electives..... 31-61 Credit Hours

- Area V courses are courses appropriate to the degree requirements, occupational or technical specialty requirements, core courses, and electives.

Area I-V: General Studies Curricula.....60-76 Credit Hours

Snead State offers the following Associate in Applied Science Degrees:

- Airframe Technology
- Applied Business
- Associate Degree (RN) Nursing
- Child Development
- Computer Science Technology
- Industrial Technology
- Office Administration
- Power Plant Technology

CERTIFICATE (CER) REQUIREMENTS

The Certificate Award is an undergraduate award (less than a degree) signifying the successful completion of a prescribed course of study (30 to 60 semester hours) that provides the student with a specialized set of skills for employment or professional advancement. Certificates are not designed for transfer to a senior institution. All colleges are authorized to award certificates.

Area I: Written Composition I and II3-6 Credit Hours

- Requirements Prescribe: A minimum of one written composition course which may have a discipline specific prefix other than COM or ENG or the integration of written communication proficiencies within a required discipline-specific course(s).

Area II: Humanities/Fine Arts0-6 Credit Hours

Area III: Natural Science/Mathematics.....3-7 Credit Hours

- Requirements Prescribe: A minimum of one Mathematics course which may have a discipline specific prefix other than MAH or MTH or the integration of Mathematics proficiencies within a required discipline-specific course(s).

Area IV: History/Social/Behavioral Sciences0 Credit Hours

Area I-IV: Minimum General Education Requirements.....6-19 Credit Hours

Area V: Maximum General Education Core, Technical Concentration and Electives..... 11-54 Credit Hours

Area I-V: General Studies Curricula.....30-60 Credit Hours

Snead State offers the following Certificates:

- Airframe Technology
- Child Development
- Industrial Technology
- Power Plant Technology

CTE SHORT-TERM CERTIFICATE (STC) REQUIREMENTS

The Short-Term Certificate Award is an undergraduate award signifying the successful completion of a prescribed course of study (9 to 29 semester credit hours) equipping the student with a focused set of skills for an entry-level position in business and industry. CTE Short-term certificates are not designed for transfer to a senior institution. All colleges are authorized to award short-term certificates.

Area I: Written Composition I and II0-3 Credit Hours

Area II: Humanities/Fine Arts0 Credit Hours

Area III: Natural Science/Mathematics.....0-3 Credit Hours

Area IV: History/Social/Behavioral Sciences0 Credit Hours

Area I-IV: Minimum General Education Requirements.....0-6* Credit Hours

Area V: Maximum General Education Core, Technical Concentration and Electives.....9-29 Credit Hours

Area I-V: General Studies Curricula.....9-29 Credit Hours

** Note: For certificates with 6 hours of General Education credits, the minimum total credit hours will be 15 credit hours..*

Snead State currently offers the following Short-Term Certificates:

- Accounting Technology
- Agri-Business
- Aircraft Structures
- Apple App Development
- Automation
- Basic Electricity
- Child Development
- Computer Software Essentials
- Cyber Security
- Computer Technician
- Enterprise Virtualization
- Finance
- General Aviation
- General Business
- Health Care Management
- IT Systems Administration
- Logistics, Distribution, and Purchasing
- Management
- Marketing
- Medical Billing and Coding
- Nursing Assistant / Home Health Aide
- Office Administration
- Reciprocating Engines
- Social Media
- Software Application Specialist
- Web Technology Essentials

CHILD DEVELOPMENT CONTINUED
Associate in Applied Science Degree
Location: Boaz Campus

Background checks (criminal history record checks) are required at the student's expense prior to the start of a CHD course. Alabama Act 2000-775 requires criminal background checks for licensees, license applicants, volunteers, volunteer applicants, and prospective and current employees of licensed or approved child care facilities. Background checks will be conducted by an agency approved by Snead State Community College. Background checks done by any vendor or agency that is not approved will not be accepted. Students must contract directly with the approved vendor and results are confidential.

Verification of background checks from an approved agency (such as through an employer, DHR, etc.) must be sent directly to the director of the program from the reporting agency. If a prior check does not meet the standards, Snead State reserves the right to require the student to obtain the background through the approved Snead State vendor. Refusal of an agency to accept a student will prevent a student from completing the CHD program. The student will be responsible for clearing any denials reported with the approved vendor. To access the Student Verification Center, go to www.myvci.com/snead.

CHILD DEVELOPMENT ASSOCIATE CREDENTIAL

This credential is designed for students wishing to obtain a CDA through the Council for Professional Recognition. A student may complete any three CHD courses to satisfy the requirements for the CDA. Infant/Toddler track candidates are encouraged to take CHD 100, CHD 209, and CHD 206. Preschool track candidates are encouraged to take CHD 100, CHD 204 and CHD 206. Although certain courses are recommended, ANY three courses will satisfy the requirements of the Council. For additional information on this credential, please contact Dr. Karen Watts at kwatts@snead.edu.

Background checks (criminal history record checks) are required at the student’s expense prior to the start of a CHD course. Alabama Act 2000-775 requires criminal background checks for licensees, license applicants, volunteers, volunteer applicants, and prospective and current employees of licensed or approved child care facilities. Background checks will be conducted by an agency approved by Snead State Community College. Background checks done by any vendor or agency that is not approved will not be accepted. Students must contract directly with the approved vendor and results are confidential.

Verification of background checks from an approved agency (such as through an employer, DHR, etc.) must be sent directly to the director of the program from the reporting agency. If a prior check does not meet the standards, Snead State reserves the right to require the student to obtain the background through the approved Snead State vendor. Refusal of an agency to accept a student will prevent a student from completing the CHD program. The student will be responsible for clearing any denials reported with the approved vendor. To access the Student Verification Center, go to www.myvci.com/snead.

CHILD DEVELOPMENT ASSOCIATE CREDENTIAL

This credential is designed for students wishing to obtain a CDA through the Council for Professional Recognition. A student may complete any three CHD courses to satisfy the requirements for the CDA. Infant/Toddler track candidates are encouraged to take CHD 100, CHD 209, and CHD 206. Preschool track candidates are encouraged to take CHD 100, CHD 204 and CHD 206. Although certain courses are recommended, ANY three courses will satisfy the requirements of the Council. For additional information on this credential, please contact Dr. Karen Watts at kwatts@snead.edu.

HEALTH SCIENCE DEGREE REQUIREMENTS

256.840.4185 | DMCCLELLAN@SNEAD.EDU

The Health Science Division of Snead State Community College offers students the opportunity to earn an Associate in Applied Science degree or a Short-Term Certificate. These programs prepare students for immediate employment in well-paying occupations. The special nature of Health Science programs necessitates additional admissions, progress, and program requirements beyond those for most programs.

SPECIAL ADMISSION REQUIREMENTS

- **Associate in Applied Science Degree Nursing (ADN) - Standard option**

The Associate in Applied Science Degree Nursing (ADN) program is a five-semester program. The ADN curriculum includes content that allows students to attain knowledge and understanding of the prevention of illness; maintenance, promotion and restoration of health; safe and effective care environment; and psychological integrity of individuals across the life span. Critical thinking, nursing process, communication, safety, client education, ethical-legal issues, health-illness, growth and development, current trends in health care, and pharmacology are core themes used to develop content within the curriculum. The ADN curriculum incorporates general education courses along with the nursing courses. The nursing courses include classroom instruction, campus laboratory, and clinical experiences in varied health care facilities.

Completion of the Associate in Applied Science Degree Nursing Program leads to the awarding of the Associate in Applied Science degree. Following graduation, the student may be eligible to take the National Council of State Boards of Nursing Licensure Examination-RN (NCLEX-RN) and to apply for a state registered nurse license. Fees for the examination and the license are set by the testing and licensing authorities and are the responsibility of the student.

- **Mobility LPN to ADN Program**

The Mobility LPN to ADN program provides opportunity for the LPN to obtain an Associate in Applied Science Degree. This program allows qualified LPNs to enter the fourth semester of the ADN curriculum after completion of the NUR 209 transition course and complete the program in three semesters. Upon completion of the LPN to RN Mobility Program, 15 credit hours will be awarded for the LPN Program. Following graduation, the student may be eligible to take the National Council of State Boards of Nursing Licensure Examination-RN (NCLEX-RN) and to apply for a state registered nurse license. Fees for the examination and the license are set by the testing and licensing authorities and are the responsibility of the student.

OTHER ADMISSION REQUIREMENTS

A student who seeks admission to the nursing program must satisfy certain requirements beyond those imposed on students seeking admission to other SSCC programs. These requirements differ so that students have an adequate academic background that will give the greatest opportunity for success in a complex curriculum that progresses in a sequential order. Admission to the college does not guarantee admission to the nursing program.

Applicants are admitted to the Associate in Applied Science Degree Nursing (ADN) program annually in the fall. Applicants to the Mobility LPN to Associate in Applied Science Degree Nursing program are admitted in the Spring. Applicants should consult with a nursing advisor well in advance of the date they plan to apply for admission to the nursing program to allow time to meet the admission requirements.

- Minimum Standards for the Associate in Applied Science Degree Nursing (ADN) Program include:
 1. Unconditional admission to the college.
 2. Meet the ADN application deadline of May 15 at 4:00 p.m.
 3. Applications received after deadline will not be considered.
 4. A minimum of 2.50 GPA calculated based on grades earned in Pre-Nursing General Education courses.

5. A minimum of 2.50 high school GPA for students without prior college work (GED acceptable in lieu of high school transcript).
 6. Eligibility for:
 - English 101 and Math 100 determined by college policy.
 7. Good standing with the College.
 8. Meeting the essential functions required for nursing throughout the program.
 9. Completion of the ACT with a minimum composite score of 18 prior to application. No expiration date on ACT scores for nursing application purposes.
 10. Students are selected for admission into the ADN program based on academic performance and a predetermined number of slots. Meeting minimum requirements does not guarantee acceptance into the program. Since class size is limited, students with the strongest academic record will be selected.
 11. Applicants will be notified, in writing, of acceptance into the ADN program.
- Minimum Admission Standards for the Mobility LPN to Associate in Applied Science Degree Nursing (ADN) Program include:
 1. Unconditional admission to Snead State Community College.
 2. Meet the appropriate Mobility application deadline: October 1 at 4:00 p.m.
 3. Applications received after the deadline will not be considered.
 4. A minimum of 2.50 GPA calculated based on grades earned in Pre-Nursing General Education courses.
 5. Good standing with Snead State Community College.
 6. Meeting the essential functions required for nursing throughout the program.
 7. Completion of the ACT with a minimum composite score of 18 prior to application. No expiration date on ACT scores for nursing application purposes.
8. Have completed the following courses with a grade of "C" or higher:
 - MTH 100 or higher
 - BIO 201 Human Anatomy and Physiology I
 - BIO 202 Human Anatomy and Physiology II.
 - ENG 101 English Composition
 - PSY 210 Human Growth and Development
 9. Possess and maintain a current, active, and unencumbered Alabama LPN license. Applicants to the Fort Benning LPN to RN Mobility program must possess and maintain a current, active, and unencumbered Georgia LPN license. Proof must be on file.
 10. Students are selected for admission into the Mobility LPN to ADN program based on academic performance and a predetermined number of slots. Meeting minimum requirements does not guarantee acceptance into the program. Since class size is limited, students with the strongest academic record will be selected.
 11. Applicants will be notified, in writing, of acceptance into the Mobility program.

ACCS NURSING PROGRAMS ESSENTIAL FUNCTIONS

The Alabama Community College System endorses the Americans with Disabilities Act. In accordance with College policy, when requested, reasonable accommodations may be provided for individuals with disabilities.

Physical, cognitive, psychomotor, affective and social abilities are required in unique combinations to provide safe and effective nursing care. The applicant/student must be able to meet the essential functions with or without reasonable accommodations throughout the program of learning. Admission, progression and graduation are contingent upon one's ability to demonstrate the essential functions delineated for the nursing programs with or without reasonable accommodations. The nursing programs and/or its affiliated clinical agencies may identify additional essential functions. The nursing programs reserve the right to amend the essential functions as deemed necessary.

In order to be admitted and to progress in the nursing program one must possess a functional level of ability to perform the duties required of a nurse. Admission or progression may be denied if a student is unable to demonstrate the essential functions with or without reasonable accommodations.

The essential functions delineated are those deemed necessary by the Alabama Community College System nursing programs. No representation regarding industrial standards is implied. Similarly, any reasonable accommodations made will be determined and applied to the respective nursing program and may vary from reasonable accommodations made by healthcare employers.

The essential functions are necessary for nursing program admission, progression and graduation and for the provision of safe and effective nursing care. The list of essential functions for nursing programs will be provided to each student who declares intent to major in one of the career/technical programs.

- Upon admission, an individual who discloses a disability can request reasonable accommodations. Individuals will be asked to provide documentation of the disability in order to assist with the provision of appropriate reasonable accommodations. The respective College will provide reasonable accommodations but is not required to substantially alter the requirements or nature of the program or provide accommodations that inflict an undue burden on the respective College. In order to be admitted one must be able to perform all of the essential functions with or without reasonable accommodations. If an individual's health changes during the program of learning, so that the essential functions cannot be met with or without reasonable accommodations, the student will be withdrawn from the nursing program. The nursing faculty reserves the right at any time to require an additional medical examination at the student's expense in order to assist with the evaluation of the student's ability to perform the essential functions.

Requests for reasonable accommodations should be directed to:

Tristin Callahan
ADA Coordinator/Director of Admissions & Recruiting
Office: Technology Center
Snead State Community College
P.O. Box 734, Boaz, AL 35957
256.840.4219
ada@snead.edu

- **Program Requirements**

1. Students have direct contact with patients and other health care workers in affiliated health care agencies, therefore, they are expected to have and maintain a satisfactory level of health, including freedom from chemical dependency and communicable diseases. Students must be able to fully participate in the approved program of classroom studies and campus and clinical laboratory experiences.

A completed physical, indicating that an applicant is in satisfactory mental and physical health and is free of any infectious disease, must be completed and signed by a licensed physician or certified nurse practitioner. The form must be submitted prior to beginning the first clinical nursing course.

2. Since the nursing curriculum includes direct patient care, students must meet the Essential standards with or without reasonable accommodations. These standards relate to physical, mental, and emotional capabilities of prospective students and must be signed by the student and on file in the nursing office. Additional health criteria may be required by clinical agencies.

Students must notify the Director of Health Sciences of any significant changes in health, including pregnancy. The faculty reserves the right at any time to require an additional medical examination at the student's expense in order to evaluate the student's ability to perform the academic/clinical requirements.

3. A student who is hospitalized for any existing health problem must submit a statement from the physician/primary health care provider indicating ability to continue in the nursing program.

4. Students will be required, at their own expense, to have an annual drug and/or alcohol screen. Drug screening will be performed at a time and place determined by the Director/Faculty. In addition, a student may be required to submit to drug and/or alcohol screening for cause by a certified laboratory designated by the College. If a drug and/or alcohol screen is positive or if the Medical Review Officer documents that a student's prescribed medication could pose a safety risk in safety-sensitive positions, the student will be dismissed from the nursing program.
5. Students must show proof of background screen from a company designated by the College prior to beginning the first clinical nursing course. Students with positive background checks will be unable to continue in the nursing program.
6. Clinical agencies require students to pass drug screening and background checks. Compliance with this requirement and satisfactory findings are essential for clinical placement and progression.
7. Students must submit proof of immunization and positive titers for the following (at the student's expense) prior to beginning the nursing program:
 - MMR (Measles, Mumps, Rubella) - If given prior to 1969, must be repeated.
 - Varicella (Chickenpox)
 - Hepatitis B Vaccination - series of three injections.
 - Two-Step PPD (tuberculin test) required for initial TB screening. After the initial screening, a PPD test must be completed annually.
 - Tetanus - Within previous 10 years.
 - Influenza immunization within the first semester of the program.
8. Pay required annual premiums for nursing student liability (malpractice) insurance specified by the nursing program prior to the beginning the first clinical nursing course.
9. Purchase regulation Snead State nursing student uniforms and other equipment necessary for participation in the nursing program.
10. Pay required HESI Testing fees each semester.
11. Possess current certification in cardiopulmonary resuscitation at the healthcare provider level (BCLS), prior to first clinical nursing course. Community CPR is not acceptable. This certification must remain current throughout the program. American Heart Association and American Red Cross accepted.
12. In addition, the student will abide by the individual health care facility policies and procedures. Any student denied clinical access by a clinical affiliate will be subject to dismissal from the program.
13. Because neither the college nor affiliated clinical agencies provide health care for students, each student is required to show proof of health insurance prior to beginning the first clinical nursing course.
14. Not be eligible for wages or workers compensation from either college or the healthcare facility since the student is not an employee of either party.
15. All students (transfer students, mobility students, readmission students, and all new admission students) will be required to pass a dosage calculation exam prior to attending clinical. Students will be given two attempts to score a 90% or above. Failure to pass the dosage calculation exam will result in failure to meet course objectives and will result in lack of progression in the nursing program.
 - Alabama Community College System Nursing Education Program Progression Policy

In order to continue in the nursing program, the student must:

 1. Maintain a grade of C or better in all required general education and nursing courses and maintain a 2.0 cumulative GPA.

Grading scale for nursing courses

A = 90-100

B = 80-89

C = 75-79

D = 60-74

F = 59 and below

2. Be acceptable by clinical agencies for clinical experiences.
3. Maintain current CPR at the health care provider level.
4. Unless completed previously, students must complete all required general education courses according to the Alabama Community College System Nursing Education curriculum.
5. Maintain ability to meet essential functions for nursing with or without reasonable accommodations.
6. Students must successfully complete the program:
 - Within eight semesters for ADN students
 - Within five semesters for LPN to RN Mobility students
7. If a student withdraws from, makes a D, or F in a nursing course, the student cannot progress in the nursing course sequence until the course is repeated successfully. Course repetition will be based on space available.
8. Students whose progression through the nursing program is interrupted and who desire to be reinstated must schedule an appointment with the nursing director to discuss reinstatement. To be eligible for reinstatement, a student must:
 - Apply for readmission to the college if not currently enrolled;
 - Submit an application following normal admission guidelines. Readmission application should be received by the appropriate date based on the following deadlines: Fall - June 1 at 4 p.m.; Spring - October 1 at 4 p.m.; and Summer - February 1 at 4 p.m.
 - May be required to validate skills and knowledge;
 - Adhere to nursing curriculum or program policies and procedures effective at the point of reinstatement.
9. Nursing non-progression is defined as failure of one or more courses in a semester OR withdrawal (for any reason) from one or more courses in two separate semesters.

Students returning to repeat a course due to withdrawal will be allowed to register for said course(s) on a space available basis.

10. Reinstatement to the nursing program is not guaranteed even if a student meets all requirements for reinstatement. Reinstatement may be denied due to, but not limited to, any of the following circumstances:
 - Space is unavailable in the course to which the student wishes reinstatement. (Students in regular progression have enrollment priority for clinical sites.)
 - Grade point average is less than 2.0 from courses completed at current College.
 - Refusal by clinical agencies to accept the student for clinical experiences.
 - Failure to demonstrate competency in all previous nursing courses successfully completed.
 - Over twelve months have elapsed since the student was enrolled in a nursing course.
 - Student has been dismissed from the program.
11. A total of two unsuccessful attempts (D, F, or withdrawal) in nursing courses will result in dismissal from the nursing program. Withdrawal and/or a D or F in one or more courses in a term will be considered one attempt.
12. A student who withdraws from a specific program (ADN/Mobility) can apply for admission as a new student to any nursing program within the Alabama Community College System, provided:
 - The student meets current entry requirements;
 - The student was not dismissed from the previous program for disciplinary reasons or for unsafe/unsatisfactory client care in the clinical area.
13. Students dismissed from the previous program for disciplinary reasons and/or unsafe/unsatisfactory client care in the clinical area will not be allowed reinstatement to the nursing program

- **Nursing Transfer Policy**

The transfer policy applies only to students desiring to transfer between Alabama Community College System institutions. It does not apply to students wishing to transfer to other institutions.

1. Criteria for Transfer

- Must meet minimum admission standards for the nursing program.
- Must possess a grade of C or better in all nursing program required courses taken at another institution and possess a minimum of a 2.0 cumulative GPA at time of transfer. (GPA is calculated only on the most recent 24 credit hours.)
- Dean/Director of previous nursing program must provide a letter of eligibility for progression in previous nursing program by the application deadline.
- Must comply with all program policy requirements at accepting institution.
- Complete at least 25 percent of the nursing program required courses for degree/certificate at the accepting institution.
- Must meet acceptability criteria for placement at clinical agencies for clinical experience.
- Acceptance of transfer students into nursing programs is limited by the number of faculty and clinical facilities available. Meeting minimal standards does not guarantee acceptance.
- Student selection for transfer is based on GPA in nursing program required courses.

- **Licensure Information RN**

Upon satisfactory completion of the requirements of the nursing program, the graduate will be eligible to apply to the State Board of Nursing for licensure as a nurse. Legal requirements for licensure in Alabama may be found in the Code of Alabama, 1975, as amended, Sec. 31-21-21, 34-21, 25. Applicants who have been found guilty of any offenses listed in the Code may be denied licensure by the Alabama Board of Nursing, State of Alabama, Montgomery, Alabama, 36130. For more information, visit the ABN website at www.abn.state.al.us.

The nursing student shall comply with legal, moral and legislative standards, in accordance with the Alabama Law Regulating Practice of Registered Nursing as stated below:

“The Board shall have the power to deny, revoke, or suspend any license issued by it or to otherwise discipline a licensee upon proof that the licensee: is guilty of fraud or deceit in procuring or attempting to procure a license; has been convicted of a felony; is guilty of a crime involving moral turpitude or of gross immorality that would tend to bring reproach upon the nursing profession; is unfit or incompetent due to the use of alcohol, or is addicted to the use of habit-forming drugs to such an extent as to render him or her unsafe or unreliable as a licensee; has been convicted of any violation of a federal or state law relating to controlled substances; is mentally incompetent; is guilty of unprofessional conduct of a character likely to deceive, defraud or injure the public in matters pertaining to health or has willfully or repeatedly violated any of the provisions of this article as defined by board rules and regulations.”

NURSING ASSISTANT/HOME HEALTH AIDE
Short-Term Certificate
Currently Available Only to High School Dual Enrollment Students
Location: Boaz Campus

The Nursing Assistant/Home Health Aide short certificate program provides the student with the necessary theory, laboratory, and clinical experiences for the development of skills required to qualify as a long-term care Nursing Assistant/Home Health Aide. Emphasis is placed on the acquisition of skills in communication, observation, safety, mobility/body mechanics, personal and restorative care, and infection control necessary to care for patients and clients of all ages. Upon completion of the certificate program, students may apply for certification with the National Nurse Aide Assessment Program (NNAAP) and take the NNAAP examination. Students that have completed the certificate must pass both the written and skills portions of the NNAAP examination in order to be certified and listed on the Alabama Nurse Aide Registry.

Documentation requirements prior to clinical rotations:

- *Current immunization records*
- *Clear background screening from company used by SSCC Health Sciences Department*
- *Clear drug screening from company used by SSCC Health Sciences Department*
