Resident Housing Handbook

Revised July 2012
PURPOSE OF THIS HANDBOOK
This handbook is an extension of your Residence Hall Contract that you signed when you accepted your assigned space. It is your responsibility to familiarize yourself with this information. You will be held accountable for this information and will be expected to adhere to all of the following:

- The Snead State Student Handbook
- Residence Hall Contract

Resident Housing has published policies to inform students of their responsibilities for their actions within their campus living environment. The rules and regulations have been created to promote and maintain an atmosphere conducive to community living. All residents are responsible for knowing and adhering to these policies. Violations will result in appropriate disciplinary action.

The Resident Housing policies and procedures covered in this handbook are designed to make your on-campus experience a positive one. You have a right to an atmosphere that is clean and conducive to study and sleep. You also have an obligation to make sure these conditions exist for yourself and others.

Resident Housing has the right to make any policy or procedural changes it deems reasonable, necessary, or appropriate.

RESIDENTIAL LIVING
Welcome to Snead State Community College and to Resident Housing. One of our goals is to provide you with comfortable and convenient housing. Another is to provide you with an opportunity to become an active member of a campus community that complements your academic education.

RESIDENT HOUSING’S EDUCATIONAL FOCUS
The Resident Housing Staff will plan and present a variety of programs throughout the year. Programs are specifically designed to round out your educational experience by exposing you to new ways of thinking, goal setting, planning, cultural awareness, stress management, decision-making, and community involvement.

RESIDENT ASSISTANTS (RA)
One of the most important individuals you will meet while residing in the residence hall will be your Resident Assistant (RA). RAs are selected and trained to handle a wide range of situations. One of their primary responsibilities is to help residents develop a sense of community on their floor or in their area. The key to community development is a team effort between you and your RA. Your RA will provide you with many opportunities to get involved, such as informal discussions, social activities, and presentations with guest speakers. Your RA is an information source for questions regarding campus life and housing. Additionally, your RA is the person to consult if you are having suitemate problems, or think a problem is developing. If the RA does not know the answer, they can help you find the person or office that does.

RAs report to the Assistant Director and the Housing Director. Other duties of the RA are to abide by and help enforce the rules and regulations of the College and Residential Housing. Any rules or regulations that are broken by the RA or student will result in being written up in the form of an Incident Report.

RESIDENT ASSISTANT ON DUTY (RA ON DUTY)
Part of the RA responsibility is to be on call. Duty hours are 6:00 p.m. to 8:00 a.m. Sunday-Thursday and 24-hour coverage Friday and Saturday.

RESIDENCE HALL ASSISTANT DIRECTOR (AD) AND HOUSING DIRECTOR (HD)
The Assistant Director (AD) resides in the residence hall. The AD and Housing Director are responsible for the overall operation of the residence hall, monitoring the facility, the supervision of the RAs, promoting residence life activities in the residence hall and is a resource person for all students. The AD and HD work with residents and the RAs to promote and maintain an atmosphere conducive to community living. The HD reports to the Chief Financial Officer of the College.

SUITEMATES
As a resident, you should realize you do not just have a suitemate; you are a suitemate. Your suitemate can be someone with whom you share opinions, interests, and activities. However, sharing a space can sometimes result in problems or misunderstandings. You and your suitemate do not have to be best friends, but you do need to develop the ability to communicate with each other. Communication is crucial for a successful living experience. These suggestions may help:
• Have regular, unplanned, informal discussions.
• Introduce your suitemate to your friends.
• Invite your suitemate to join you in activities.
• Schedule a meeting with your suitemates and complete a suitemate agreement (see your RA for a form).
• Be willing to share some of your belongings, but let each other know what you are not willing to share.
• Think of each other as individuals and learn to respect each other’s uniqueness.
• Your way is not the only way or always the right way.
• If you want respect, you must give respect.
• Most suitemates are not mind readers.
• A note or a slammed door does not adequately define what you think and feel.
• If you have a concern with a suitemate, speak to that person first in an open and non-threatening manner.
• If you are having continued trouble with a suitemate, please contact your Resident Assistant to help moderate the situation.

Ground Rules – During your discussions, spend some time talking about the ground rules regarding suite cleanliness, noise levels, entertaining guests, and sharing belongings, food, and community items (toilet paper, paper towels, etc.). Make sure the rules are fair and equitable to all. Do not make a rule that you will not be able to follow.

Privacy and Interruptions – Remember that time will always exist when you or your suitemate will need privacy to study or just be alone. When you need privacy, talk with your suitemate first before you let the frustrations build.

Conflicts – Conflicts will probably occur between you and your suitemates at least once during your college career. Conflicts should not be viewed as negative, but as a learning experience. It is natural for people to disagree; however, it is how individuals handle the conflict that makes the result positive or negative. High stress times (ex. mid-term and final exam periods) tend to elevate the frequency of conflicts.

If tensions do arise, talk with your suitemate first before it becomes a major conflict. If communication does not work and you cannot resolve the problem, talk with your Resident Assistant. The RAs are experienced and trained in dealing with these problems and can give you ideas to help you find a resolution. Remember that you owe your suitemate the courtesy of speaking with them first. Often an individual may not be aware there is a problem. Failing to deal with a problem may give the suitemate permission to continue the behavior.

The Resident Housing Staff will try to help you work through conflicts with suitemates before a room change is considered. If all parties are in disagreement and resolution cannot be achieved, or if a party is not willing to work toward resolution, all suitemates may be moved at the discretion of Resident Housing Staff.

SUITEMATE BILL OF RIGHTS
• The right to read and study, free from undue interference, in one’s room. Unreasonable noise and other distractions inhibit this right.
• The right to sleep without undue disturbance from noise, guests of a suitemate, etc.
• The right to expect that a suitemate will respect one’s personal belongings.
• The right to a clean environment in which to live.
• The right to free access to one’s room and facilities without pressure from a suitemate.
• The right to personal privacy.
• The right to host guests with the expectation those guests are to respect the rights of the suitemates and other residents.
• The right to address grievances. RA’s and Housing staff members are available for assistance in settling conflicts.
• The right to be free from fear, intimidation, physical harm, and/or emotional harm.
Housing Regulations

ABANDONED PROPERTY
When a resident has withdrawn or been dismissed by the College, the resident should completely remove all of their personal belongings from their room. The student, who fails to remove property, thereby grants to the College the right to remove abandoned property at the owner’s expense. Property left behind after move out is complete is considered abandoned and will be disposed of at that time (bicycles are also defined as abandoned property if left at the end of the semester).

ABUSIVE, HARASSING, AND INTRUSIVE CONDUCT
College policy forbids conduct which involves actual or threatened physical abuse or violence, hazing, indecent behavior, and harassment, including both general harassing behavior and harassment based on an individual’s race, color, religion, sex, age, national origin, sexual orientation, or disability. College policy forbids related actions that invade one’s personal privacy (such as repeated, unwanted telephone calls, any harassing electronic communication, and abusive letters). See section on Disciplinary Fines.

ALCOHOL AND DRUGS
Resident Housing policies on alcohol and drugs are consistent with College policies, federal and state laws. See section on Disciplinary Fines.

A. Alcohol abuse is a violation of the College Code of Student Conduct and includes the following:
   1. Possession or consumption of an alcoholic beverage by any student.
   2. Possession or consumption of an alcoholic beverage anywhere on College property. Residence is defined as one’s suite.
   3. Public intoxication.

B. Controlled substance (drug) use is a violation of the Code of Student Conduct. It is defined as the possession, manufacture, sale, giving away or other distribution of any controlled substance (such as an opiate, narcotic, hallucinogen, etc.) as defined by federal or Alabama law except upon prescription by a practitioner (as defined by Alabama law), or their authorized agent under their supervision, incident to teaching research, chemical analysis, or professional practice.

C. Each resident is individually and personally responsible for compliance with these provisions of the Snead State Student Code of Conduct, and compliance with the laws of the State of Alabama.

D. Residents will be responsible for their guests’ behavior and for any unlawful possession, or consumption of alcoholic beverages or controlled substances by their guests. Resident and non-resident students who violate these policies will be subject to disciplinary sanctions.

E. Alcohol is not allowed on campus.

F. Alcohol containers of any type are not allowed to be used as decoration or any type of display within any area of the residence hall. Alcohol containers used as display or decoration are subject to confiscation and judicial action(s) at the discretion of the College.

APPEALING CHARGES AND DECISIONS
If you would like to appeal a charge, a decision, or an application of policy, you may do so by presenting your appeal in writing to the Housing Director. You must present your appeal within thirty (30) days of the institutional action that is the subject of your appeal.

APPLIANCES AND COOKING
All appliances must have an automatic shut off or timer. No open coil appliances.

ASSIGNED SPACES
A. The College will provide you a space in the residence hall for your occupancy as a resident. You are not given, however, a right to any specific residence unit or accommodation by this agreement.

B. Your occupancy shall be for the period and upon the terms stated in the contract and in these rules and regulations.
C. The College will consider and attempt to grant a request for a particular residence unit, roommates, or other special arrangements indicated in your housing application but cannot guarantee requests. The College at its sole discretion shall determine your assignment, to authorize or deny a room change, to consolidate vacancies, and has the right to move a student from one room to another.

D. The College does not make room assignments on the basis of any individual’s race, color, religion, or national origin or disability (unless the disability requires some accommodation), and it will not consider a request for assignment or a change in assignment based on any of these grounds.

E. Residents who wish to request a room change must contact the Housing Director to request the room change. Residents are encouraged to contact their Resident Assistant prior to speaking with the Housing Director.

BANNERS AND EXTERIOR OBJECTS
A. Banners, flags, posters, etc. are not to be hung from any window (inside or outside) or balcony without permission.

B. The College reserves the right to remove anything from the exterior of your residence unit (including suite door), or from the interior if visible from the outside, which in its judgment is considered to create an unsightly or offensive appearance, and/or creates a hazardous condition. Hanging laundry, rugs, etc., on stairwell railings is not permitted. Items will be removed and discarded by Housing Staff at the expense of the resident of the suite.

CHARGES TO STUDENT ACCOUNTS
Any charge generated by the Housing Office for rent, damage, lost keys, etc. will be billed to your College Account. Payment should be made to the Business Office.

COMBUSTIBLES
Gasoline, kerosene, propane tanks, and any other flammable material shall not be stored in or around any residence unit. Heating units fueled by these materials are prohibited. The Assistant Director or the Housing Director has the discretion to determine if any other materials may be hazardous to the safety of the residents.

COMMUNICATING INTENTIONS
If you have a special request or problem, etc., please make your request or complaint to the Housing Office. Written and dated documentation is crucial when adjusting accounts or coordinating moves.

COMPUTERS
A. Residents can connect their personal computers to the campus network (wireless or by Ethernet cable provided to each student).

B. Attempted or unauthorized use of computer access (computer hacking, running an Internet based business, etc.) is a violation of your room contract, the Computer Usage Policy, and the Student Code of Conduct. Students may not use the Internet, campus network, or their suite address for any unauthorized or illegal activities. Unauthorized use will result in denied access to the Internet and campus network until a complete investigation can occur and may result in a permanent loss of this privilege. Violators will be referred to the Discipline Committee and/or appropriate agencies.

CONSOLIDATION
Resident Housing reserves the right to consolidate residents in partially filled suites to other occupied units. Consolidation, if necessary, usually begins after move in at the beginning of each semester. Consolidation can occur at any time during the semester.

CONTRACT
A. The Resident Housing Contract is a legal and binding agreement between you and Snead State Community College. A signed agreement is required of every housing resident. If you are under 19 years of age, your parent or guardian must also sign.

B. Residents are not allowed to subcontract or sublet their space. You may not rent or give your assigned space to anyone.
C. Any student who wishes to live in the residence hall for the summer will need to complete an application for the summer term.

**DISORDERLY CONDUCT**

Behavior that is disruptive to orderly community living is prohibited. This includes, but is not limited to, throwing items in the hallways, bouncing balls on the floor, throwing objects out of the windows, fighting, pranks, or any other behavior which may cause physical injury, property damage, or is potentially dangerous or disturbing to the health and well-being of residents.
FIRE AND EMERGENCY EQUIPMENT
A. Fire alarm pull stations are located on every floor in every wing of the residence hall. Anyone found tampering with or improperly using alarms, smoke detectors, extinguishers, sprinklers, hoses or the Automatic Emergency Defibrillators (AED’s) is subject to disciplinary and/or legal action.
B. An unannounced, organized fire drill will be held. State and Federal laws require all students to evacuate the building during a fire alarm. Failure to evacuate will result in disciplinary action and is subject to legal action.

FIRE EXTINGUISHERS
Each floor is equipped with a fire extinguisher. If your fire extinguisher needs to be recharged, notify Resident Housing immediately. If your fire extinguisher is discharged because of intentional mischief, a fee of $25.00 will be assessed to have the fire extinguisher recharged.

FIREARMS, WEAPONS, AND EXPLOSIVE ITEMS
A. Possession of any firearm including but not limited to rifles, shotguns, handguns, paintball guns and air guns is strictly prohibited anywhere on College property, including resident suites and cars. Possession of ammunition for firearms or any explosives—such as firecrackers, fireworks, dynamite cartridges, bombs, grenades, and mine explosive devices—is also prohibited. Resident Housing Staff and/or Campus Security have discretion to determine if any other items may be hazardous to the safety of the residents.
B. Internal combustion engines, automobile batteries, acids, gasoline, any propane tanks, or barbecue grills are not permitted in the residence hall.
C. Other prohibited weapons include: knives (except kitchen tools and pocket knives), slingshots, leaded cans, switchblades, blackjacks, brass knuckles, or any other weapon.

FURNITURE
All furniture provided by the College must remain in the suite; therefore, no student should remove furniture from the room, common area or building. Within the suites, furniture designated for common areas should not be moved into individual bedrooms. Furniture not returned to the proper location will be moved at the resident’s expense.

GUESTS AND VISITATION
A. Residents must be able to show their current student ID upon entering the building 24 hours a day, seven days a week.
B. Guest Check-In/Visitation – For your security, all guests of the residence hall must register in the lobby. The host resident must escort guests at all times. Visitation hours are 9:00 am until 1:00 am, 7 days a week.
C. Overnight Guests – You must obtain the approval of your suitemates before entertaining overnight guests. Overnight guests must be pre-approved by an RA and the Housing Director before 5 p.m. on the day of the visit. An individual guest is permitted three overnight stays with an individual resident per one month period. The Housing Director has full discretion as to the approval of any visitation request. No overnight visitors of the opposite sex are allowed.

GUEST BEHAVIOR
You should note that your contract makes you expressly responsible for any misconduct and/or destruction of property (inside or outside your suite) by your guest(s). This means that misconduct of such guests may result in cancellation of your contract and you may be held financially liable for any damages caused by such misconduct.

HALLWAY SPORTS
The long corridors in the residence hall are not designed as sports fields. Do not throw sports equipment or bounce balls in suites or hallways. If you are caught participating in hallway sports, you may be charged the necessary fine to fix damage(s).
HEALTH AND SAFETY INSPECTIONS
The Resident Housing Staff conducts periodic Health and Safety Inspections in each suite. Health and Safety Inspections will be announced on a flyer at least two days prior to the date the inspections will begin. A notice will be hung on each suite door 48 hours prior to the inspection. However, if a College staff member or an RA visits your suite at any time and finds the suite to be in poor condition, an inspection may be conducted at that time. If unsafe or unhealthy conditions are found in your room or suite, you will be required to correct them within 48 hours. If you fail to clean, the College contracted professional cleaners will be called to clean the suite at your and your suitemates expense. During Health and Safety Inspections, staff members will not open closets, drawers, or luggage. If you think your room has been inappropriately inspected, contact the Housing Office. Health and Safety Inspections will also be completed during any times when the College is closed for break periods (semester and spring). No College staff member will be permitted to enter a resident’s room without being accompanied by another staff member; except for emergency.

HOLIDAY CLOSINGS
Residents are required to leave no later than 24 hours after their last final exam. Specific closing dates are printed in your student handbook, so you can make appropriate arrangements. During the temporary closings, residents must vacate the building.

You may leave belongings in the suite, but are encouraged to take jewelry and items of high value with you. You will not have access to the suite during the holiday closings. All residents must vacate at the end of spring semester.

INTENT TO VACATE PROCESS
You have a contractual agreement with Resident Housing that is not automatically nullified when you withdraw, graduate or are academically suspended by the College. If you are leaving the College for any reason, you must notify the Housing Office by starting the Intent to Vacate Process. You will be instructed to meet with your Resident Assistant who will explain the process and terms of the Intent to Vacate process and then with the Housing Director (at the discretion of the Housing Director) to complete the process. If your Intent to Vacate is approved, you will be sent instructions on how to check-out of your room. By failing to notify Housing, you will be considered a current resident and held accountable for any housing charges, including the full rent charges. Please be aware of important dates of notification to avoid Improper Check-out charges. Please see the Housing Director for more information.

KEYS AND LOCKOUTS
A. A room key and key card will be issued after you have signed your room contract. You are responsible for the key/key card until you move-out. You may not make duplicate keys. You may not use padlocks, add locks or latches, or tamper with or change existing locks.

B. Students should not give their room key/key card to others. Such actions violate Resident Housing’s guest policy and undermine building security. Falsification of information in an attempt to acquire an additional key/key card is strictly prohibited.

C. For security reasons, residents should report all lost keys/key cards to the Housing Office.

D. When you move-out of your assigned space return your key/key card to the Housing Office by the appropriate deadline. If you fail to return your assigned key/key card, you will be charged the costs to replace the lock. Residents are required to notify Resident Housing 24 hours prior to their leaving of their check-out.

E. Lockouts – If you are locked out of your suite, contact the RA on duty. Students will be given a grace period on lockouts for the first two weeks of each semester. Lock changes may be ordered at the discretion of the Housing Director for multiple lockouts.

MOVE-IN AND MOVE-OUT INSPECTIONS
Move-In – During move-in, you will be given a room condition report form. It is your responsibility to check your suite for any damages, such as carpet stains, nail holes, damaged furniture, and the cleanliness of the suite. You should carefully inspect each item listed on the inspection form and document any problems. This form should be returned to your RA or the Housing Director within 24 hours of check-in. After 24 hours, Resident Housing will not make changes to the room condition report issued at check-in. The RA or Housing Director will check your room with the form and make any additional notations.
Move-Out – An inspection will be conducted when you move out of your assigned space. Each resident will make an appointment with the RA to complete a room inspection and a room condition report. Each resident must sign-up for a check-out time 24 hours prior to checking out. If you fail to make an appointment, or fail to make your scheduled appointment, you forfeit the right to appeal damage charges. If damage is not recorded at the time of move-in and it appears on your move-out inspection form, you will be held financially responsible for those damages. Each suitemate may be charged a fine at move-out if the suite and/or bathroom are left in poor condition (i.e. trash in the floor, floor or furniture not cleaning, bathroom not cleaned). If you are assessed a damage or cleaning charge, there is a **$5.00 minimum** charged to your account.

RAs will make **estimated** cost assessments for damages or cleaning. Final charges are generated in the Housing Office. Suites will be inspected by the Housing Director and Assistant Director after all students have moved out. If an RA does not do a complete assessment of the suite or discrepancies are found, the RA may be charged for the damages and/or cleaning fines. Fines are based on cleaning and repair cost, as well as documentation regarding maintenance or damage to your suite. If you have questions or concerns about damage in your assigned space, contact the Housing Office. A list of common charges can be found on the next page.
