Forklift Train the Trainer

Do you need a lift on training? Snead State is offering Forklift Train the Trainer. This Train the Trainer course will provide your in-house trainers with the knowledge to competently and safely train your operators, plus keep the pedestrians around the forklift safe. Topics covered to include:

- * Equipment Basics
- * Equipment Inspections
- * Operating Procedures
- * Maintaining Your Forklift
- * OSHA Powered Industrial Truck (PIT) Safety Regulations
- * Powered Industrial Truck (PIT) Policy
- * Powered Industrial Truck (PIT) Daily Checklist
- * Hands-On Operations

For more information on providing training for your company, contact
Cherri Barnard, cbarnard@snead.edu, or Teresa Walker, twalker@snead.edu
